The University Supervisor is an adjunct faculty member in the School of Education (SOE). The supervisor serves as the liaison between the SOE and the PK12 school where teacher candidates are placed for their student teaching/internship. The primary function of the university supervisor is to provide guidance for the teacher candidate in their development of teaching competency and to give assistance to the clinical supervisor.

University supervisors should have academic backgrounds and experience in the field of education and have taught successfully at the levels they supervise. We are seeking university supervisors who have prior teaching experience in the areas of early childhood, elementary, middle/secondary social studies, middle/secondary English, world languages. Supervisors must be available to observe and conference with teacher candidates during the school day.

Amount of work required can vary by position and will range in FTE

Applications will be accepted throughout the year. The successful applicant must have appropriate authorization to work in the U.S. before employment begins.

Job Description

Supervisors are responsible for the following (1.0 FTE):

Attending 2 University Supervisor Training sessions each semester

Initiate and attend an initial meeting with the clinical supervisor and teacher candidate

Conducting pre- and post-conference meetings for every formal observation to assist in improving instruction, analyzing problems, identifying strengths, and reflecting on teaching effectiveness.

Reviewing lesson plans prior to formal observations

Participating in problem-solving and remain flexible in seeking solutions

Completing required formative and summative evaluation forms as outlined in the checklist

Unannounced visit – once during the spring semester

Communicating regularly with assigned teacher candidates and their clinical supervisor

Promote and sustain positive working relationships among the clinical supervisor, the teacher candidate, and the principal

Establish and maintain working relationship with the principal at each site and build communication between the school and the University

Respond to emails, phone calls, questions and other inquiries in a timely manner

Suggesting specific instructional strategies or approaches if teacher candidates are unsuccessful in implementing particular lesson plans or have management problems that will reach a wide variety of
