Job Description

The University of Southern California, one of the nation's top research universities, seeks candidates for multiple **teaching positions** (Lecturer or higher rank) to teach undergraduate and graduate students in courses offered by the Daniel J. Epstein Department of Industrial and Systems Engineering in the USC Viterbi School of Engineering. This is a **full-time, benefits-eligible, teaching-track faculty position on the non-tenure track**. The USC Viterbi School is committed to increasing the diversity of its faculty, and welcomes applications from women, individuals from racial/ethnic populations demographically underrepresented in engineering, veterans, and individuals with disabilities.

We are particularly interested in candidates with experience and expertise in (1) Analytics, Data Mining, Machine Learning, Optimization, Systems Simulation, Cloud Analytics, and Computational Tools for Analytics (proficiency with Python, R, and SQL is a plus), and/or (2) Engineering Management, Systems Engineering, and Project Management.
