**DEPARTMENT OVERVIEW:**

The Welding Technology Program at Butte College provides students with entry-level skills, knowledge, and certification to obtain employment in the welding trades and related industries. This is accomplished by a ratio of fifteen percent lecture and eighty-five percent hands-on training using the latest welding equipment in the industry. The Welding Technology Program is looking for a team player who is sincerely interested in maintaining and improving the high standards of our Program. The department courses are heavily lab oriented with exposure to many different working conditions (hot and cold temperatures). Instructors will be responsible for moving heavy

parts, materials, and equipment during the lab period. The operation of equipment in the lab setting requires operators to stand for extremely long periods of time.

**POSITION DUTIES:**

In addition to the representative duties below, the specific position is also responsible for:

1. Teaching a full load of courses in welding to prepare students to become certified welders with special emphasis on safety practices and quality.
2. Developing and teaching the full range of classes from basics to certification including but not limited to: OAW, OFC, SMAW, GTAW, FCAW, GMAW, resistance spot welding, and the arc cutting methods of air carbon arc and plasma processes. On plate and pipe in all positions with a variety of filler materials.
3. Maintaining a clean, well-organized welding shop.
4. Setting shop standards to require students, hourly help, aides, and volunteers to perform tasks to ensure quality training.
5. Recruiting students for the welding program.
6. Representing the college and the welding program by participating in community and national organizations that enhance the welding industry.
7. Stay current with state-of-the-art welding/fabrication technology, processes, and equipment.
- 8.
